

Adobe Dreamweaver: Level 2 Training

Adobe Authorized Training · Applied Technology Academy

Enhance your web design prowess with the next level of creativity through Applied Technology Academy's exclusive Adobe Dreamweaver: Level 2 Training. Designed for those seeking to deepen their expertise, our comprehensive training program is meticulously crafted to empower you with advanced techniques in web design using Adobe Dreamweaver.

LEVEL	DURATION	EXPERIENCE	AVERAGE SALARY	LABS
Intermediate	1 Day	1 year: Dreamweaver Level 1	\$100,702	No

Course Overview

In Level 2 classes, content is covered at a faster pace and additional focus is placed on use of shortcuts and real world 'tips and tricks' to improve your workflow.

Each lesson includes unique and challenging project files. The Level 2 class also goes more thoroughly into advanced topics with some of the project files from our Level 1 courses.

Course Outline

Intended Audience

This course is designed for those who have some experience using Dreamweaver to design or modify websites and want to learn more.

Prerequisites

Students should have some experience with Dreamweaver and working knowledge of the topics covered in Core Skills: Level 1. Specifically, you should feel comfortable with the workspace, understand HTML and CSS basics, and have some experience working with text, images, and hyperlinks.

For more information on the Level 1 course, go to: Dreamweaver CC Core Skills: Level 1

Follow-On Courses

- Adobe Photoshop Level 1
- Adobe Photoshop Level 2
- Adobe Illustrator Level 1
- Adobe Illustrator Level 2
- Introduction to Python
