eMASS Version 5.5: Direct User Training

Applied Technology Academy

eMASS (Enterprise Mission Assurance Support Service) is a government-owned web-based application which supports cybersecurity program management. eMASS Direct User Training addresses the features of eMASS specific to students' roles. It describes the role of eMASS in the Department of Defense's Risk Management Framework for Information Technology; defines eMASS's implementation of the Authorization Process; and covers how to operate through eMASS in order to support the creation, assessment, and authorization of a completed RMF A&A package.

LEVEL	DURATION	EXPERIENCE	AVERAGE SALARY	LABS
Beginner	**5 Days**	**1 year: Computer Knowledge**	**$105,000**	**No**

Course Overview

Students will benefit most from this course if they have already been granted user access to eMASS. It is intended to support risk management framework (RMF) assessment and accreditation.

Course Outline

- **Lesson 1: Introduction to eMASS**
  - Module A: Overview of eMASS
- **Lesson 2: The Authorization Process—Part 1: New System Registration**
  - Module A: Overview of new system registration
- **Lesson 3: The Authorization Process—Part 2: Importing Packages and System Migration**
  - Module A: Migrating, exporting, and importing systems
- **Lesson 4: The Authorization Process—Part 3: Managing a System**
  - Module A: Managing the system—Section I
  - Module B: Managing the system—Section II
- **Lesson 5: The Authorization Process—Part 4: Managing a Package**
  - Module A: Managing an authorization package
- **Lesson 6: Reports**
  - Module A: Reports
- **Lesson 7: System Administration**
  - Module A: The Control Administration Module
  - Module B: Organizational Values
  - Appendix A: eMASS 5.5 Direct User Final Axam
  - Appendix B: Supplemental materials

- Part A: Acronyms
- Part B: RMF/eMASS Correlation Chart
- Part C: New user registration, certificates, and profile updates

Intended Audience

Students looking to learn more about eMass and how to support the risk management framework (RMF) assessment.

Prerequisites

There are no specific prerequisites for this course. However, general computer user knowledge is assumed. Any additional experience having worked with forms and/or databases will be helpful.

Follow-On Courses

ISC2 Certified in Governance, Risk and Compliance (CGRC)

Ready to enroll? Call 800.674.3550 or email Info@AppliedTechAc.com — private team cohorts, GSA MAS purchasing, military credentialing funding, VA GI Bill and VR&E and student financing available.
