Federal Risk Management Framework (RMF) 2.0 Implementation with CAP Exam Review - ATA

Applied Technology Academy

Capitalize on the rising demand for Governance, Risk and Compliance (GRC) expertise by earning the CGRC certification. The CGRC is a proven way to demonstrate your knowledge and skills to integrate governance, performance management, risk management and regulatory compliance within your organization. CGRC professionals utilize frameworks to integrate security and privacy within organizational objectives, better enabling stakeholders to make informed decisions regarding data security, compliance, supply chain risk management and more.
