Introduction to AI in Azure (AI-901) Training

Microsoft Authorized Training · Applied Technology Academy

A one-day introduction to artificial intelligence on Microsoft Azure for people who need a working understanding of what Azure's AI services do and where they fit, without a development background. The course orients you to core AI and machine-learning concepts, the Azure AI service families and the responsible-AI principles Microsoft applies across them.

LEVEL	DURATION	DELIVERY	PREREQUISITES
Introductory	**1 day**	**Instructor-led - Online Live**	**None required**

Course Outline

Detailed module outline pending vendor confirmation - contact us for the agenda applying to your delivery date.

Prerequisites

No prior AI or development experience is required. Familiarity with general cloud concepts is helpful but not assumed.

Ready to enroll? Call 800.674.3550 or email Info@AppliedTechAc.com — private team cohorts, GSA MAS purchasing, military credentialing funding, VA GI Bill and VR&E and student financing available.
